

Orange Pay Monthly £2 WiFi bundle Terms and Conditions

This £2 a month bundle is for UK use only. You'll need a compatible phone which has WiFi turned on.

The cost will be added to your next bill and then every bill each month until you ask us to remove it. If you don't have a mobile internet bundle to cover using data services outside a hotspot, then you'll pay your plan's daily mobile internet rate. A fair use policy applies, see www.orange.co.uk/terms for details.

This bundle gives you easy connection to BT Openzones, you can see where they are at orange.co.uk/wifi. A fair Usage policy of 3GB applies. Usage above 3GB per month may result in suspension of Wifi services and/or suspension of your account.

As Orange isn't the provider of the Wifi service, we aren't responsible for whether there is Wifi available where you want it, or for the quality of that service.

Remember that BT's terms, including those about acceptable use, will also apply to you when you use BT Openzone. You can see these here: www.btopenzone.com/terms-and-conditions/index.jsp
