5. **Mobile internet** - Additional mobile internet browsing is charged at £1/day. A daily flat rate of £1.00 per day applies for out of bundle data usage. This is subject to a daily fair usage allowance of 25MB, and a monthly download limit of 500MB. 25MB provides enough data for normal levels of email usage and browsing. However, for customers who are planning to download and stream data we would recommend that you take up one of our 500MB or 1GB data bundles. Please note, should you regularly exceed the 25MB daily fair usage allowance and as a result, you reach your 500MB limit before the end of the monthly period, [notice may be given and] network protection controls may be applied to your service. This may result in a reduced speed of transmission See Mobile Internet terms for details of prohibited activities. Other terms apply, see [www.orange.co.uk/terms](http://www.orange.co.uk/terms). Other terms apply, see [orange.co.uk/terms](http://orange.co.uk/terms).

Tethering (whether as part of an inclusive allowance or not) is not to be used for other services such as non-Orange internet based streaming services, voice or video over the internet, instant messaging, peer to peer file sharing.
7. **Tethering** - If you use tethering it'll cost a daily flat rate of £1 a day – that's in addition to any out of bundle charges for mobile internet as set out in (6) above. This is subject to a daily fair usage allowance of 25MB tethering. Please note, should you reach your 500MB limit before the end of the monthly period, network protection controls may be applied to your service. This may result in a reduced speed of transmission and/or disconnection.
8. **Inclusive WiFi** - use of BT Openzone hotspots in the UK only. Fair Usage policy of 3GB applies. Usage above 3GB per month may result in suspension of Wifi services and/or suspension of your account. The 3GB Fair Usage Policy does not apply when using your iPhone on domestic WiFi. Note however that some domestic broadband packages have download limits and customers should be aware that using the iPhone to access the web through domestic WiFi will contribute to domestic data usage.

  - I. Unlimited texts - 3,000 texts per month.
  - II. Unlimited Minutes - 4,000 minutes per month
